Great features for mobile printing

The Mobilink P60II has all the features you need to print anywhere, anytime. Compact and light weight, it offers the fastest printing in its class with speeds up to 100mm/second, an industry-leading battery life, flexible connectivity, a ruggedized design to ensure reliability in even the harshest environments and more.

Best-in-class battery life

To ensure uninterrupted service to your customers, Epson's Mobilink P60II features an industry-leading operational battery life of up to 14 hours with 802.11 models and up to 46 hours with Bluetooth models*.

Reduce your paper costs

The Mobilink P60II is the only wireless printer that comes with paper-saving options that can reduce your paper usage by up to 23%. The paper-saving settings are easy to use without changing your application and do not affect print quality, readability and font size.

Your choice of connectivity

Epson's Mobilink P60II is available with 802.11b/g/n with 2.4GHz and 5GHz or Bluetooth® 2.1 + EDR for fast and easy integration. And it supports all the leading mobile operating systems including iOS, Android and Windows with 802.11 and Android and Windows with Bluetooth.

Compatible and ready to go

Epson's Mobilink P60II wireless printer is compatible with today's best-of-breed and component-based POS systems and the latest industry-standard wireless security protocols. The printer comes complete with ESC/POS®, OPOS, JavaPOS and Windows® drivers which means your current applications are instantly compatible. And Zebra emulation is also available.

Backed by the leader

The Mobilink P60II features the quality and reliability that Epson is known for, a low total cost of ownership and is backed by our leading service and support programs.
